

Ceramic Showcase Points Chart – updated December 2021

Key: Co-chairs divide the Chair points equally. If equal division is not possible, round the Chair points up, ex: 15 Chair points = 8 points per co-chair when there are two co-chairs, but 5 when there are three co-chairs.

Trainees for 1-5 point positions earn 1 point, 6-8 point positions earn 2 points, 9-12 points positions earn 3 points. 13 and up point positions require input from the current chair and any points given must be approved by motion, recorded in minutes.
